

Confidence Elementary School Field Trip Guidelines for Chaperones

Your responsibilities:

1. You will be entrusted with the care of several students. Keep these children with you at all times. Continually count heads to make certain that your group is intact.
2. An adult must accompany children into restrooms. If you need to take a child to the restroom, ask a nearby chaperone to watch the remainder of your group.
3. Only CES students will be permitted to attend the scheduled field trip. Siblings (younger and/or older) are not allowed to go on school field trips.
4. Parent chaperones will be permitted to ride the bus to help supervise students depending on available space.
5. Chaperones will follow the field trip itinerary and rules.
6. Parents may attend field trips only as chaperones.
7. Chaperones will conduct themselves as role models for students, modeling the behavior expected of the students.
8. Chaperones will abstain from using inappropriate language, tobacco products, alcoholic beverages, and/or drugs on field trips and school functions.

Safety Rules to Enforce During Transportation:

1. Students must remain seated on the bus.
2. Students must keep hands and feet away from the windows.
3. Students must obey bus driver's rules.
4. Students must use whisper voices.

I agree to these guidelines.
